

Product Type	XLR Plug	
Product Model	SCHF3	

Product Features

- > 3-core XLR female plug with stainless steel housing and gold plated contacts
- > Hard, durable, long lifetime and high reliability.
- > Brand new appearance design, smoother operation
- > New grounding which provides good total contact between chassis and cable connectors
- > Exquisite groove design on the boot for colored ring for coding and identification
- > Resistant to drop and pressure which can still operate stably under harsh conditions
- > The boot is equipped with polyurethane sealing sleeve to prevent the cable from being affected by bending pressure to the greatest extent

Above specifications and information may have tolerances and have been updated. Every effort has been made to ensure correctness upon release of this data sheet.

Product Parameters		
Item	Specification	
Connection type	XLR	
Gender	Female	

Electrical Parameters

Item	Specification
Capacitance between contacts	≤ 4pF
Contact resistance	≤ 3 mΩ
Dielectric strength	1.5 kV DC
Insulation resistance	> 10 GΩ (initial)
Rated current per contact	16 A
Rated voltage	< 50 V

Above specifications and information may have tolerances and have been updated. Every effort has been made to ensure correctness upon release of this data sheet.

Mechanical Parameters		
Item	Specification	
Cable OD	3.5 - 8.5 mm	
Insertion force	≤ 20 N	
Withdrawal force	≤ 20 N	
Service life	> 1000 mating cycles	
Cable size	Max. 2.5 mm ² Max. 14 AWG	
Locking device	Latch lock	

Above specifications and information may have tolerances and have been updated. Every effort has been made to ensure correctness upon release of this data sheet.

Material and Environmental Parameters		
ltem	Specification	
Boot	PA, TPE	
Contacts	Cu alloy	
Contact plating	Au	
Insert	РА	
Housing	Stainless steel	
Housing Insert plating	Cr	
Strain relief	РОМ	
Flame-retardant grade	UL 94 HB	
Protection class	IP40	
Temperature range	-30°C ~ +80°C	

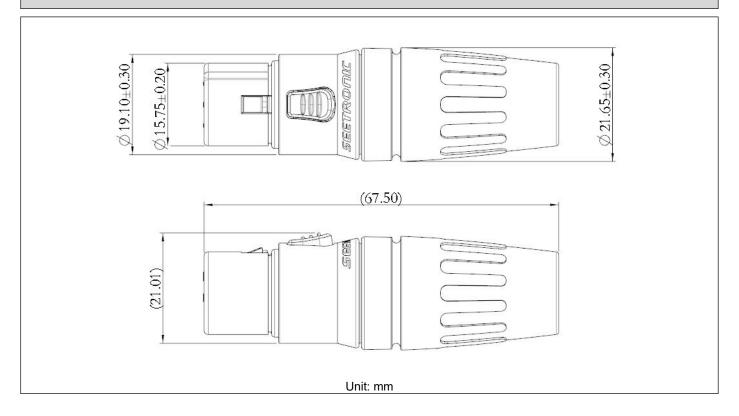

Standards and Certifications	
Standards	IEC 61076-2-103
Solderability	Complies with IEC 68-2-20

Above specifications and information may have tolerances and have been updated. Every effort has been made to ensure correctness upon release of this data sheet.

Product Drawing

Packaging Method

1 pc per bag (include 1 pc each of inner core, housing, cable clamp, boot) 80 pcs per inner carton, 5 inner cartons per master carton (400 pcs per master carton)

Accessory Ø No accessories Back fastener plate Screws and Nuts Other

Above specifications and information may have tolerances and have been updated. Every effort has been made to ensure correctness upon release of this data sheet.

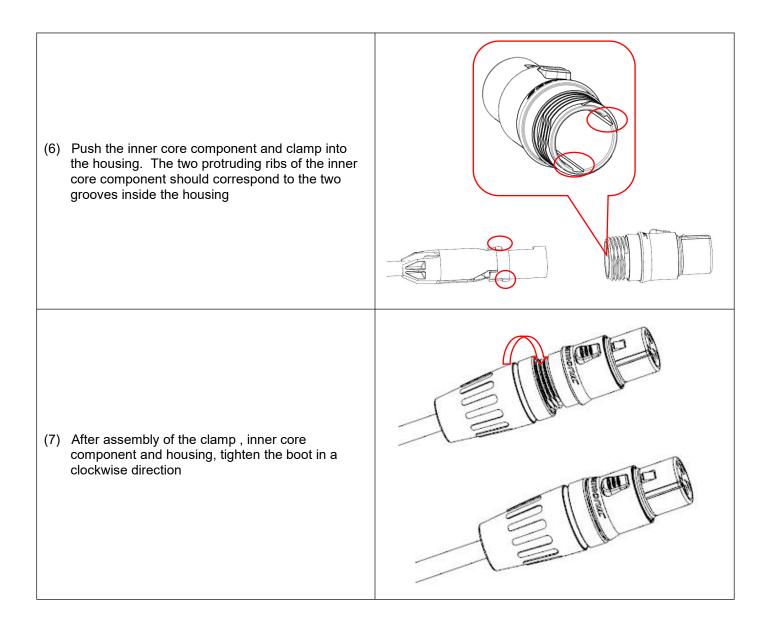

All Rights Reserved 2023

Assembly Instructions		
(1) Put the cable through the boot		
(2) Strip the cable in the size as shown		
(3) Insert the conductor of the cable into the terminal of the inner core and solder		
(4) Snap the clamp into the soldered cable		
(5) Insert cable into the clamp and clip into the inner core bayonet		

Above specifications and information may have tolerances and have been updated. Every effort has been made to ensure correctness upon release of this data sheet.
